

## BUS / TRAIN INTERCHANGE FACILITIES AT RAILWAY STATIONS SERVED BY STOURBRIDGE LINE TRAINS

### A LOOK BACK TO 1968

The document is intended to show the major changes that have been made to bus services since the 1960's and it is interesting to compare the network in this document with that in the current Bus/Train Interchange document.

For each station served by West Midlands Railway trains from Great Malvern to Dorridge or Stratford-upon-Avon, the times of each bus route are displayed based on details from timetables dated about 1968.

For services operated by Midland Red, Stratford Blue and Bristol Omnibus, full timetable details are available. However, for Birmingham Corporation Transport services, only a frequency guide is available.

The following codes are used.

Monday to Friday journeys	Saturday journeys	Sunday / Bank Holiday journeys	H - School Holidays only	D - Schooldays only
MTuWThF - journey only operates on the weekday(s) indicated			B - Bank Holidays only	
Journeys that only operate over part of a route are shown in <b>red</b> or <b>green</b> , with the destination point shown in the same colour.				
If some journeys take a route that varies from the normal route, they are shown in <i>italics</i> with the points that vary from the main route also shown in <i>italics</i> .				
Periods where there is a regular clockface timetable are shown in <b>bold</b> type (e.g. <b>00 20 40</b> indicates departures at 00, 20 and 40 minutes past each hour).				
Periods where services run at a regular frequency are also shown in <b>bold</b> type (e.g. <b>[7-8]</b> indicates a service running every 7 to 8 minutes).				

Stations highlighted in **red** are in Worcestershire.

Stations highlighted in **purple** are in Staffordshire.

Stations highlighted in **blue** are in Warwickshire.
